

BOGS[®]

FALL / WINTER 2024

NATIVES
OUTDOORS

FUNCTION FOLLOWS FORM.

BOGS collaborated with NativesOutdoors and Jennifer Younger, a Tlingit metal worker and jeweler by trade, to translate the art of the Tlingit formline ovoid onto a boot.

The mother of Tlingit designs, ovoids form the visual sources from which movements emanate. To create the kind of balance and flow this art form expresses, it takes a master and deep knowledge of the culture and land.

The ovoids on our boots harken to the shapes of riverbed pebbles, where Bogs boots are in their element. The tension and release of each stroke forming the ovoid harkening the flow of life, where you are in your element.

As part of this initiative, we are supporting the work of Herring Protectors, a grassroots movement led by indigenous women to revitalize the herring population.

Fall / Winter 24

MEN

MENS CORE COLLECTION

M 7-15 (WHOLE SIZES)

- 100% Waterproof
- BioGrip slip-resistant outsole
- Reinforced toe and heel for increased durability
- BLOOM eco-friendly, algae-based EVA footbed that helps clean polluted water habitats.
- Flex Width insole system adapts to foot width
- Comfort rated to -72°F/-60°C
- Constructed with 5mm Neo-Tech waterproof insulation and 2mm of air mesh for temperature regulation
- Seamless Construction makes them 30% lighter and more durable

Kids'
SKYLINE SNOWCATA

These boots give your offspring the super-human ability to have fun no matter how low the temperature gets. With a -22F temperature rating, these'll make even the nastiest weather look like child's play. Snowmen, snowballs, and snow angels not included.
